Report on the Financial Statements

We have audited the accompanying financial statements of Operation California, Inc., dba: Operation USA, (a non-profit organization), which comprise the statement of financial position as of June 30, 2015, and 2014 which include the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used in evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained provides a reasonable basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Operation California, Inc. as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Operation California, Inc. is a not-for-profit public benefit corporation exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code. Its principal activities are to solicit, collect and distribute donated supplies and make cash grants for relief to the victims of natural disasters in the United States and throughout the world. The cash donations collected by the Organization are spent primarily on their programs to carry out relief and development activities and to pay for the distribution of goods; for the cost of transportation of supplies; for field visits required to monitor the distribution of such supplies; and, for domestic and international grants and training programs in the relief and development field. The Organization also uses its dba: Operation USA, by which it is primarily known to the public.

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, the financial statements reflect all significant receivables, payables, and other liabilities.

Basis of Presentation

The Organization is required to report information regarding its financial position and activities according to three classes of assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

The costs of the program and supporting services have been reported on a functional basis. This required the allocation of certain of the costs among the various programs and supporting services based on estimates made by management. Actual results could differ slightly from those estimates.

Donated Inventory and In-Kind Donations

The Organization measures its material aid program by the value of products physically delivered to intended beneficiaries. These products are donated by corporations and supplemented by procurement and cash grants to partner non-profit agencies. Products which Operation California, Inc. is storing for later delivery to intended beneficiaries are shown as inventory in these financial statements. The Organization has always received substantial amounts of donated services from health care professionals and from transportation companies. No amounts have been reflected in these financial statements for donated services or volunteer time.

Furniture and Equipment

Most office furniture and equipment have been donated and are recorded at the fair market value at the time of the donation. Purchased items are recorded at cost. Depreciation is computed using the straight-line method over the estimated lives of the individual assets, ranging from 5 to 10 years.

Concentration of Credit Risk:

The Organization maintains its cash in deposit accounts, which, at times, may exceed federally insured limits of \$250,000, as guaranteed by the Federal Deposit Insurance Corporation (FDIC). The

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Organization has not experienced any losses in such accounts. Management believes the Organization is not exposed to any significant credit risk related to cash.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE B. GOVERNMENT FUNDING

The Organization does not seek nor accept US government program funding for its international relief and development efforts.

NOTE C. COMMITMENTS AND CONTINGENT LIABILITIES

In July 2011, the Organization leased office facilities under a 5-year operating lease. Under the lease term, the Organization is required to pay a base rent of \$5,000 per month plus a prorated share of common area operating expenses.

Lease payments totaled \$73,617 for the year ended June 30, 2015.

The following is a schedule by years of future minimum lease payments required under the lease.

<u>Year ended June 30,</u>		
2016	\$	60,000
2017		10,000
	<u>\$</u>	<u>70,000</u>

The Organization has the use of a storage facility at 326 West "C" Street, Wilmington, California. The use of this facility has been provided free of charge from the Harbor Commission of the port of Los Angeles.

We are not aware of any pending claims or legal actions against the organization. The Organization carries a \$2,000,000 general liability policy as protection against such claims or lawsuits should they arise.

OPERATION CALIFORNIA, INC.
Notes to Financial Statements
Year Ended June 30, 2015

NOTE D. TEMPORARILY RESTRICTED NET ASSETS

For the year ended June 30, 2015, temporarily restricted net assets decreased by \$1,693,376 to a total of \$9,253,756. Such temporarily restricted net assets relate to contributions specified for disasters rebuilding and program services of the California Community Clinic Support program in future years as follows:

Disasters Response and Rebuilding	\$ 7,560,380
California Clinic Program	1,693,376
	<u>\$ 9,253,756</u>

NOTE E. SUBSEQUENT EVENTS

The Organization has evaluated events subsequent to June 30, 2015 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through November 5, 2015, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.
